7. [Writing Cybersecurity Job Descriptions for the Greatest Impact \(PDF\)](#)

3. Right-click on the first entry “TOOL: DHS PushButtonPD™ Generation 5v3 (Requires MS Excel)”:

## Helpful Resources

The screenshot shows a list of 13 links under the heading "Helpful Resources". The first link, "TOOL: DHS PushButtonPD™ Generation 5v3 (Requires MS Excel)", is highlighted with a blue selection box. A right-click context menu is open over this link, with the "Save Link As..." option highlighted by a red rectangle. Other menu options include "Open Link in New Tab", "Open Link in New Window", "Open Link in New Private Window", "Bookmark Link", "Copy Link", "Search Google for 'TOOL: DHS PushB...'", "Inspect Accessibility Properties", and "Inspect (Q)".

4. Select the “Save link as” (this may vary by browser) from the Pop-Up box. The screen should look similar to this:

5. Once saved to your local drive, run the PushButtonPD™ on your computer. Attempting to run PushButtonPD™ from a link or on a remote or shared drive can cause issues.
